

REBECCA GWILT, ESQ.

Speaker | Advisor | Strategist

ABOUT

Hundreds of healthcare entrepreneurs and innovators have relied on Rebecca's guidance to launch new companies, comply with the complex regulatory landscape of the healthcare and data industry, and close deals with investors and customers.

Rebecca enjoys immersing herself in the goals and growth of companies that are changing how healthcare is delivered and paid for in the US (and around the world).

As a female founder herself, she's especially passionate about working with BIPOC and female entrepreneurs and founders.

A CMS veteran, startup investor, karaoke samurai, and kindness enthusiast, Rebecca lives in Virginia with her husband and three sons.

CONTRIBUTIONS

From podcast interviews to accelerator workshops to subject matter expertise for news publications, Rebecca shares business insights into what's happening in the healthcare industry, how it impacts innovators, and what's on the horizon.

Innovators and entrepreneurs in the healthcare space enjoy her straightforward approach in moving past barriers in complex situations and getting things done.

IDEAL AUDIENCES

- Healthcare startup founders and investors
- Women and BIPOC leaders in healthcare
- Providers embarking on transformational change
- Digital healthcare executives and clients
- Women and parents in business, venture, law, and entrepreneurship

"It was actually really fun working with you and I can't say that about any other attorney."

TALKING POINTS

- Startup strategies for growth and acceleration
- Implementing/expanding a multi-state telemedicine business
- Emerging digital health trends, models, companies
- Legal barriers to healthcare innovation (and how to surmount them)
- Reimbursement for new technologies and care delivery modalities
- Implications of the latest Stark/AKS rules and exceptions for innovators
- Purchasing, analyzing, sharing, and protecting healthcare data
